

SCHOOL SPIRIT ALIVE AT PITTWATER

Principal's Report—Jane Ferris

Congratulations to the prefect body for the organisation of a highly successful [Spirit Week](#). Their enthusiasm and leadership are to be commended and they certainly achieved the prime aim of raising school spirit. There were many events during the week including teacher vs student sport, foot tapping music through the PA every break, guessing competitions, cakes and drinks for sale and much more.

On Tuesday the focus was young people's wellbeing and mental health with a presentation from Headspace on assembly. Tuesday evening saw the annual [Instrumental Program Concert and Awards Evening](#). As always the music was sensational and I was awestruck with the quality of the playing and calibre of the students. What a sound!

The [Sports Commendation Celebration Assembly](#) on Wednesday recognised the tremendous achievements of our students in sport. It is not just the wins and record-breaking achievements that I am proud of, but the good positive sporting spirit that is evident in our students. Congratulations to you all and thank you to Mr Dailhou and the PDHPE staff. I also would like to praise the Year 8 dancers who performed a lively item choreographed by Ms Payne.

The inaugural [Kalori Film Festival](#) screened the amazing talent of four finalists to an invited audience of 300 students and staff on Thursday afternoon. Due to popular demand there will be a rescreening of the best comedy and best film, as well as two student documentaries which we were unable to screen last week due to insufficient time. This rescreening to the whole school will take place on Monday 15 December in period 2. Thanks to Ms Zaraza and the Year 9 Real to Reel elective in initiating and organising this festival.

The highlight of Spirit Week was the [fun activities day](#) on Friday when students and staff dressed as fictional characters in support of the library upgrade. Apart from some students being traumatised by the likes of mean Ms Trunchbull as headmistress from Matilda, the buzz was amazing, the good humour evident and the effort with costumes impressive. Added to this was a photo booth, more food and drinks and a concert on the quad at lunchtime. In all the prefects raised over \$2000.

To conclude Spirit Week was the [Making Connections Spring BBQ and Community Forum](#). After enjoying food and entertainment, guests had a short presentation on the school's strategic directions. In table groups they then discussed key points and posted their thoughts on many stick notes in order to have an input into school planning. Thank you to the approximately 130 student leaders, parents and staff that participated.

DEPUTY PRINCIPALS' REPORT - Renee Andrews; Rachel Fleming

Congratulations to all students for their wonderful participation in Spirit Week. The number of students and staff dressed up was amazing. The exam period is upon us, and all students need to continue with a study routine that will allow them to show all that they have learnt throughout the year.

Year 10 have started to wear the senior uniform and most are looking very smart wearing it. As they move into their exams it is important that they are here everyday and complete the study skills program we have developed that will support their transition into year 11. They all must complete All my own work which is a mandatory requirement of the Board of Studies.

TECHNOLOGY - Ms Cesta

The following information applies to those parents and students who are looking at purchasing a device for use at school. Specifically, a Microsoft Surface tablet.

We advise that the Microsoft Surface RT version will not allow you to install Google Chrome or other browsers. You will only be able to download applications from the Windows Store. This will mean that you will not be able to download software from Adobe, Google and other competitors.

PHS students require Google Chrome to access the PHS Student Portal, which allows them access to the Ediary, DEC portal, ClickView, PHS website, Moodle, Edmodo, their timetable and other useful information.

We recommend purchasing a device that meets the updated specifications available under the Technology and e-learning tab on this website, that is also able to access Google Chrome. Thank you!

MOVEMBER

The following is a brief summary of all I have learned in life. It starts with Tom Selleck and ends with your money.

When I was a kid I was infatuated with a TV show. The name of this show was Magnum PI. Magnum PI was king. He had a Ferrari, a handgun, a big house, he had, as Yeezy would say: swag. He also had a moustache. In fact, the man had a black belt in moustache.

So, naturally, as a kid, that's what I believed my life would be like when I grew up. I would pursue criminals by day in my sweet ride with the hood down, my moustache blowing in the wind and by night I would slip into a tux and wine and dine the most beautiful ladies in all of the land.

Growing up...a little...I have come to realise life is not about being a stoic tough guy. It is not about handguns and Kung Fu. Life is best lived doing what makes us feel appreciated, what makes us feel loved and those things that make us feel like we have a safe place in the world. Of course, we must risk a little too.

Sadly, many Australian men don't feel safe communicating their thoughts and feelings. It is not a risk they can take. When I went to the Movember site this year, I looked at the reasons why health issues are so prevalent in males in Australia and they were listed as follows:

Mr Lapedjian loses 35 year old moustache to support Movember

- Lack of awareness and understanding of the health issues men face
- Men not openly discussing their health and how they're feeling
- Reluctance to take action when men don't feel physically or mentally well
- Men engaging in risky activities that threaten their health
- Stigmas surrounding mental health
- Men are less likely than women to seek help for health concerns, and also less likely to use health care services

So, breaking it down, we are looking at only a few factors here. There's a lack of confidence in communicating our problems, our emotions and concerns, there's the oft felt awkwardness about admitting something is wrong for fear of being stigmatised and there's the desire to act like Magnum PI.

Movember is an initiative started to address these problems. The ambitions at the centre of the program are:

- To reduce mortality from prostate, testicular cancer and men's suicide
- To help men living with prostate or testicular cancer to be physically and mentally well
- To help men and boys understand how to be mentally healthy, taking action when they experience mental health problems
- And to not allow men and boys with mental health problems to be discriminated against

As I said before, life is best lived when we involve ourselves in those things which result in us feeling safe, appreciated and loved. The world would be a better place if those who are experiencing difficulties are not only able to share their concerns; they should be able to exist in a world that accepts them and encourages them to do what is best for their safety and their mental wellbeing.

Now, when I first announced that members of staff would be participating in Movember, I not only announced I would be growing a moustache but that Mr Lapedjian would be making a very special sacrifice in shaving off his 35 year old moustache to help us raise funds; a moustache that is older than some of your parents. So, it is my honour to welcome my friend, Mr Lapedjian, to the stand as he is a man who sets a great example for us all.

HIGH SCHOOL EXPERIENCE DAYS

Students from Year 5 from Newport and Mona Vale Primary Schools came to Pittwater High School for a day to experience the variety of lessons on offer. The parents were given the opportunity to speak to the Principal Ms Ferris while the students raced off to Agriculture, Food Technology, Music, Art, Wood Technology, History, Geography, English, Maths, Science, Personal Development Health and Physical Education, Drama, Japanese and French.

Year 9 Leadership students led the students to the various lessons in different locations throughout the day. There was a break for morning tea and lunch to prepare the students for the next lesson.

The day finished with a concert by the Senior Strings, Senior Stage Band, Year 7 Performance class playing Mission Impossible, Paul Su on the piano, Oscar Kirk singing and on the piano, Year 7 and 8 dance students.

The Year 5 students had a wonderful day, everyone enjoyed themselves taking away some great memories and also some things they had made on the day. Congratulations to the Year 9 leaders who created an enjoyable day for all involved.

YEAR 7 ROLLERCOASTERS

This term, Year 7 has been studying physics. Our challenge was to make a rollercoaster from cardboard and other materials and to include as many corners as possible, acceleration and deceleration.

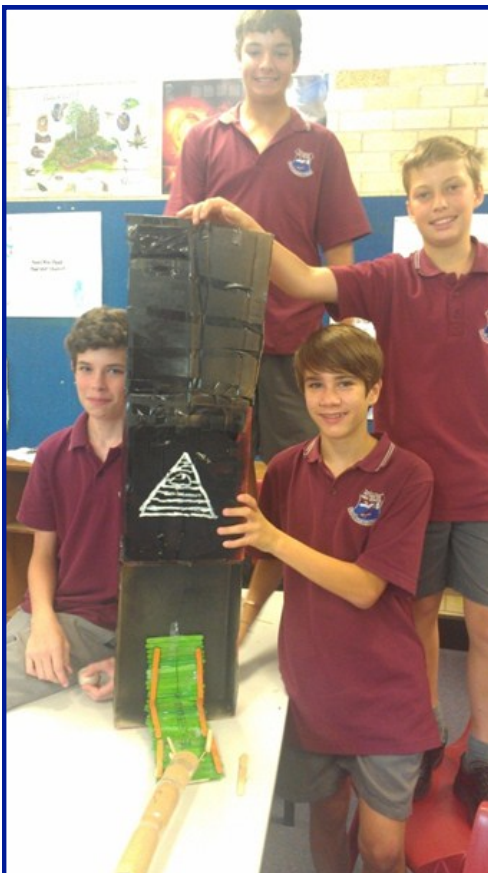

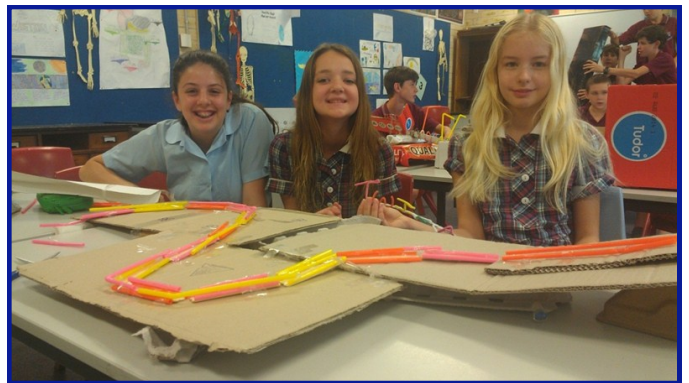

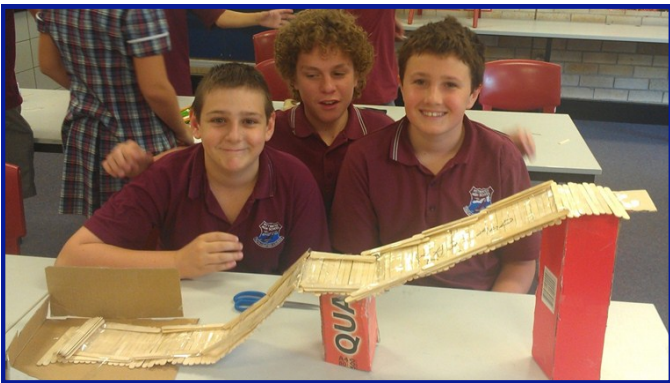

We were able to choose our groups and were given a few lessons to construct our designs. We used paddlepop sticks, straws, toothpicks and other recycled materials.

We then got three turns each to test them in front of the class and see which was the most successful.

After that we wrote a short speech telling the class why we thought ours was the best.

Overall we had lots of fun and have learnt so much about physics, forces and friction!

CHINA TOUR 2016

Instrumental Ensembles

Proposed Overseas Tour – Expressions of Interest

It is proposed that Pittwater High School Instrumental Ensembles (Symphonic Band, Symphony Orchestra and Jazz Orchestra) may tour to China from April 7 – April 26, 2016.

- In order to proceed with planning of this tour it is necessary to gauge the support of members and their families. Please consider the following points when deciding to offer your support for this project:
- The Bands and Strings have been building momentum recently in the school. The tour has been proposed to give an incentive for players to maintain interest in the instrumental program and increase the standard of both the individual and ensembles.
- All families who are represented will be expected to contribute to fundraising activities.
- The estimated cost of this tour for each student will be less than \$5,500, and there is a good chance that it will be less than \$5,000 depending on numbers travelling and fundraising activities.
- **Accommodation** will be 2 and 3 star hotels.
- **Travel** arrangements will be by air to China and road coach whilst in China.
- This tour will be fully **supervised** by Pittwater High School staff and parents.
- **N.B.** The development of a tour itinerary will commence when a decision is made to continue with the planning of this tour.
- Whilst this **“Expression of Interest”** is not a binding commitment to a member's involvement in this tour, the decision on whether to proceed with the tour will depend upon, and final costs for students will be generated based upon, the number of positive responses.
- Non-participation in this tour does not exclude the member from any other ensemble or Pittwater High School activities.

**Please complete and return the “Expression of Interest” form to Dr Hardy
as soon as possible.**

Please ring Martin Hardy on 9999 4035 with any questions relating to this tour proposal

ADHD SUPPORT GROUP

A problem shared is a problem halved

The Northern Beaches ADHD Support Group is a voluntary group offering support for parents of children or teenagers with ADHD via regular meetings. The group is run by parents and aims to provide a supportive environment to discuss and learn more about ADHD in order to best help parents and kids alike.

SOCIAL EVENING & XMAS

We have purposefully left this meeting without a speaker to enable parents to have more time to chat with each other and share stories and support.

The bar will be open in the Main Sail Room and people will be free to get a drink, some nibbles, chat and mingle while looking at the market stalls selling educational books, toys and other quality products. We will also set up tables with labels for certain issues such as 'anxiety' or 'social skills' which people are free to gravitate towards if they so wish. At these tables you will have the opportunity to chat with others about that particular issue and swap ideas. A 15-minute limit will be set per table so people have time to rotate to a maximum of 4 tables during the evening.

We hope that this will enable people to chat with others with similar issues and are sure that this will be a fun and useful meeting to end the year and allow people to get to know each other better.
