

SAS Staff Appreciation Week

Principal's Report: Jane Ferris

This week we are joining other schools in the state to take the time to thank all our non teaching staff at Pittwater High School. Whether in the office, finance, sick bay, print room, science labs, library, classroom assistance, kitchens, grounds or on the farm, their work is essential to the smooth running of the school. Often they are the first point of contact for parents or members of the community and their good will when the pressure is on is most important for the continued positive reputation of our school. In total we have about 20 non-teaching staff equivalent to 15 full time positions. You may be interested to know that as a public school this represents about one quarter of support staff available in elite private schools of the same size. Many of us have to be jacks-of-all-trades and incredibly flexible as a result. So ladies and gentlemen, we thank you for your ongoing commitment and hard work in supporting our school community.

HSC update

Most of all the externally marked projects and tasks are now complete with the exception of Music and French. Today the Design and Technology markers were on site, and last Tuesday the HSC major Visual Arts works were packed up and sent off for marking following our evening art exhibition. Congratulations to students on your amazing talent. Most important now is for all Year 12 students to continue to stay focused, attend all lessons and have a firm study plan in the lead up to the final HSC exams next term.

To assist in this matter, the Senior Learning Centre in the library is being open in the second week of the school holidays from 10am to 2pm each day. Students can benefit from a collegial and supportive learning environment with a couple of teachers on hand each day to help students and most important snacks to keep them going. Any parent that would like to contribute to edibles on any day are welcome to contact me.

HSC 2016 Student and Parent Information Evening

**School Hall at 6.00pm—7.00pm
on Wednesday 7 October 2015**

This evening will include:

- Distribution of the HSC Assessment Booklet
- Requirements of Senior students - 'Core Day' and attendance, study periods.
- Board of Studies requirements for the completion of the HSC Course
- Surviving the HSC year
- HSC Major works—their importance, expectations and planning your time
- Mentoring - how to get the most out of it!

Tuesday 15 September	Year 12 Taronga Zoo Excursion
Wednesday 16 September	Year 12 Formal and Graduation Assembly

ENGLISH

Year 7 Project Based Learning—Myths and Legends

This term in English we have been studying myths and legends to answer the overarching question for our topic: 'How does literature unite and connect cultures.' It is supposed to ask you how literature connects cultures, and what similarities the different cultures and their stories have in common.

In myths and legends we have studied the aboriginal dreamtime story Moonman, Jason and the Argonauts and have been given an assignment on presenting how myths and legends of our chosen culture answer the overarching question. Firstly we studied the aboriginal dreamtime story Moonman, which is a story explaining the cycle of the moon. It features Moonman, a man who had two sons that disobeyed him so he killed them. He was later killed by his wives but he then became the moon. It rises every month so that he can take his revenge. After that, we looked at Jason and the Argonauts to find common themes amongst myths and legends. We found that most myths have a hero and a villain, with the hero embarking on a dangerous quest that usually explains something about the world. In week four this term we were given an assignment on our myths and legends topic. For the assignment we were put in groups of three to five to research a given culture on their myths and legends. We had lessons in class in which we physically make and plan our mythical creature. This is all in preparation for the big final presentation at the end of the term where we show our work in an engaging way and relate it to the overarching question.

Overall, the work we have done so far has really shown us just how important myths and legends are. They explain so much about different cultures and how they view the world, and even how some of their ideals are still around. That is how myths and legends unite and connect cultures.

By Drew Power and Tabitha Sides, Year 7

ENGLISH (Cont.)

Year 8 English- 'Fractured Fairy Tales Fairy Told'

Students in Year 8 this term have been investigating the chameleon-like genre of Fairy Tales. Fairy Tales have traditionally had an educative purpose, teaching those who may not be able to read or write important life lessons. Taking their learning one step further, was the idea of 'subversion' in the Fairy Tale genre. Students investigated modern Fairy Tales and made comparisons between ideas in traditional fairy tales and changes made in modern versions. Students learnt that although aspects of fairy tales change over time, they maintain their essence, they still have the power to teach those valuable lessons that we all learnt as children.

English programming is concept driven, this means that students have a 'big question' that guides their learning. Students feel more engaged with what they are learning in class, as the 'big question' connects what they are learning with issues outside the classroom. The 'big question' for Year 8 this term is, *"How do fairy tales maintain their essence but morph to suit their times?"*

Year 8 students have put their creative hats on and delved into the world of fairy tales. They were asked to either subvert (change) an existing fairy tale or create a new tale entirely based on their own ideas.

Here are some selected excerpts from student work:

Cinderella Remix

Once upon a time there was a wonderful kingdom that had flowers in spring and snow in winter. On the edge of this kingdom there was a big farmhouse that was owned by a tall, skinny man with big, green eyes and tan skin.

Jade Thomas

An Excerpt from 'Shady Groves'

Clinton had sold the cow for a big amount of money and kept it all to himself. But just like Kim said, his fortune was most unfortunate. The next morning, Clinton woke up to find all of his money had been stolen during the night. Poor Clinton was very upset and decided the next time he ever found something that wasn't his; he would return it to its rightful owner.

Charli Wiles

A 'fractured' Fairy Tale ending

Something seemed to almost speak to him telling him to climb the hair to the beautiful girl inside. He did what the voices told him and right as he glanced upon the maiden he fell instantly in love and dove in right away for a kiss. Little did the prince know that this was no fair maiden, it was a demon inside and as he kissed her sweet soft lips she began to suck out his soul. Within a minute the prince's cold dead body lay in the tower and the demon was hungry no more.

Ami Heywood-Matty

Year 9 Appropriating Shakespeare

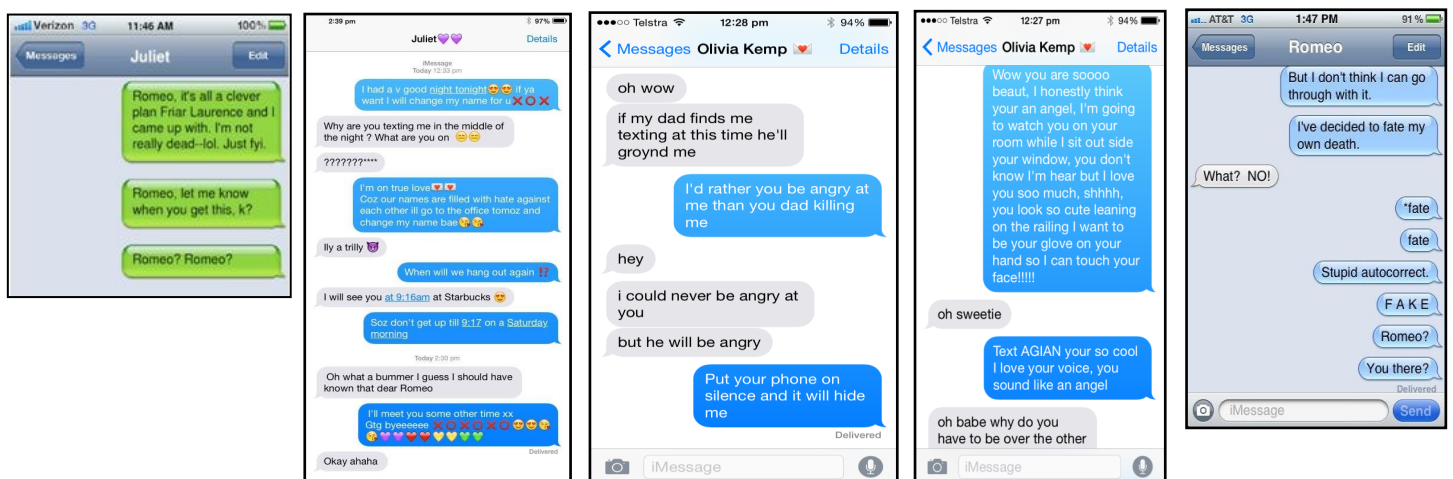

This term in English our Year 9 students have been learning about the concept of Appropriation, with focus on how Shakespearian texts can be appropriated to suit a modern day audience. Our focus text has been 'Romeo and Juliet' and we have examined key scenes within the Shakespearian original and compared these scenes with appropriated versions.

Our students have engaged with this unit, realising the relevance of Shakespeare today and how composers can effectively appropriate elements of an original text in order to create a new and modern text relevant to a contemporary audience.

To demonstrate their understanding, our students are in the midst of creating their own appropriations of a scene from 'Romeo and Juliet' in the form of a short film. They are undertaking this task with enthusiasm and creativity – their ideas are endless and varied and we can't wait to see what they produce.

In one activity, students considered how Romeo and Juliet would communicate today. Ms Purvis' Year 9 class came up with some realistic text messages that showed an understanding of the main ideas in various scenes. Here are just a few examples:

ENGLISH (Cont.)

Year 10 Journalism

This year the 10 Journalism class has been working on a variety of projects simultaneously to explore the ways in which we learn about our world. In their first project they focused on the stories that were portrayed in main stream media. Every week they devoured newspapers, TV news stories and online news articles to see what was making headlines.

"Being exposed to current affairs has enriched my knowledge about the world around us" – Alec

Throughout this process students looked at world events and gained a broader understanding of what was happening round the globe. The creation of their own news portfolios allowed them to express their own opinions on what they felt should be making headlines and compare it to what was actually getting the attention of the front page.

Their second project involved studying the medium of photojournalism. This involved analysing what was and was not appropriate to put in main stream media, the way in which society has been desensitised and what makes a winning images. Students created their own weekly photo journals, trying out a variety of techniques to capture images of importance. They also studied a photographer of their choice in depth and profiled their work.

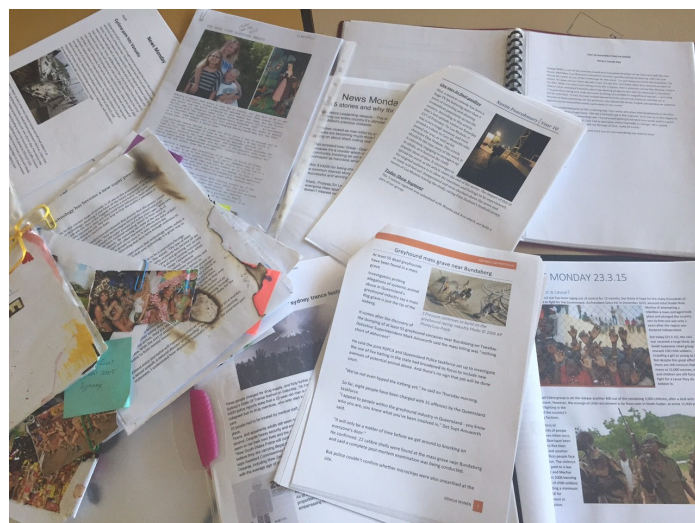

"The photography project was really exciting and creative" – Kate

Project 3 was a personal interest project designed to look at the way we use technology and social media to build a campaign. Students analysed a variety of social media campaigns and used this knowledge to create their own weekly website. Students then created an outline of how they would use this to create their own social media campaign.

"PIP Wednesdays (the lesson where students work on their personal interest projects) would be the part I loved most about Journalism. Being able to independently work on a project that I am so passionate about and write weekly about topics I'm personally interested in. It has given me the opportunity to enlighten people of the raw emotion that comes with today's current affairs" - Angelica

The final project in term four will be a collaborative whole class project. They have begun to plan their roles and responsibilities to produce a final well anticipated project.

The class has worked incredibly hard over the past few terms to learn new metalanguage, broaden their understanding and build confidence in their opinions. They are clearly excited about the projects they have created as evidenced by their outstanding products.

Kalori Film Festival 2015

It's that time of year again! It's Film Festival time – and the school holidays are just perfect for having fun with your friends creating your own cinematic story.

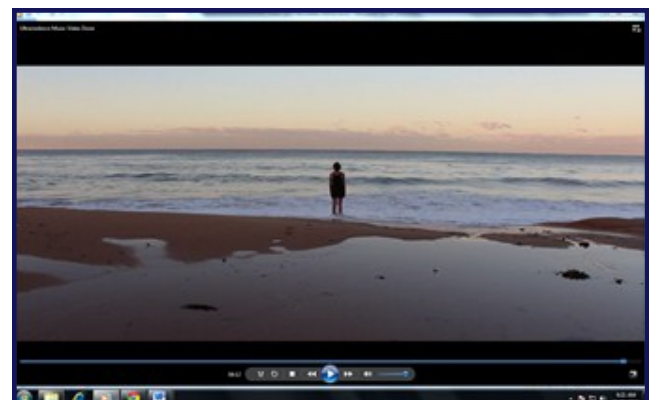

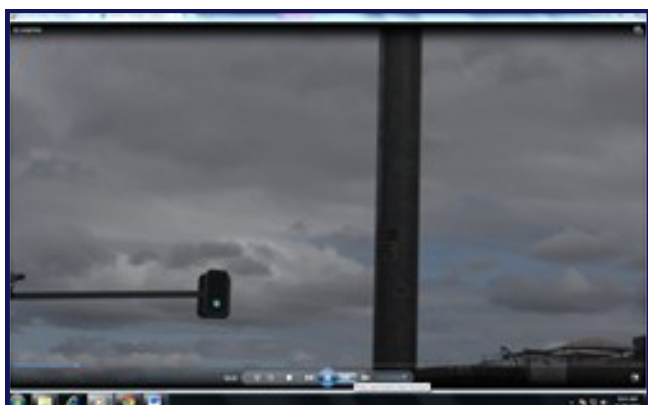

Following on from last year's success we are calling all budding filmmakers at Pittwater High School to submit a short film for the Kalori Film Festival. Your film can be up to 8 minutes long and be in any form or style. Just make sure it's rated PG.

The theme this year is “Beauty in the Unexpected”.

Winning entries will be screened in the Hall at school in Spirit Week (16—20 November)

Hand your entries to Ms Zaraza or Ms Waters in Week 3, Term 4.

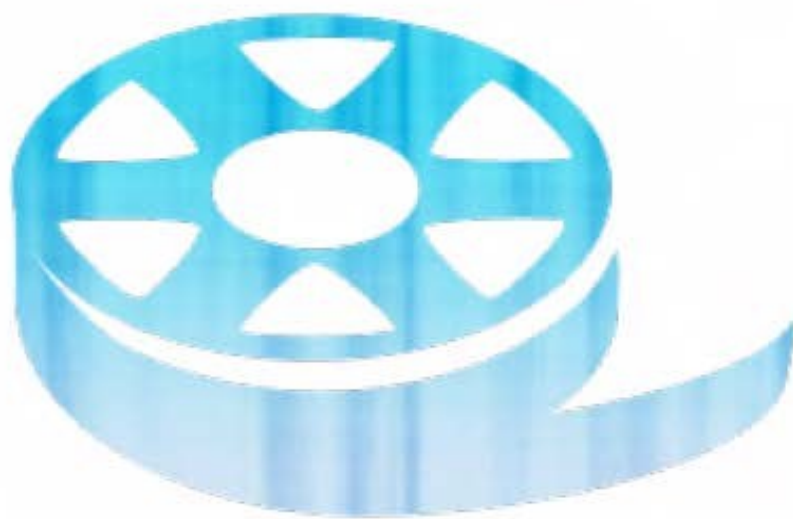

Examples from films our Real to Reel students are working on.

PITTWATER PRESENTS...

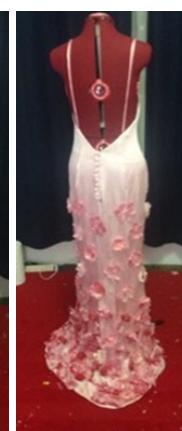

"Beauty In The Unexpected"

8 minutes long, any genre
(Music Vid, doco, etc)

For more information, please see Ms Waters
MUST BE SUBMITTED BY WEEK 3
TERM 4

YEAR 12 TEXTILES AND DESIGN MAJOR WORKS

As part of their HSC Year 12 Textiles and Design have completed a major project which consists of practical piece and a portfolio. These photos do not do justice to the wonderful effort that Year 12 put into their work.

Techniques that the students have incorporated include ombre dyeing, embroidery, beading, dyeing, fabric weaving, freehand machine embroidery, devore, manipulating Angelina fibre, felting, crochet, tatting, fabric cutting and manipulating as well as various construction techniques with difficult fabrics such as lace and silk.

Congratulations to all the students for all their work: Darienne Ansiewicz; Hannah Cooper; Ebony Gallagher; Eve Gibney; Brianna Grainger; Madeleine Hayes; Molly Jones; Taylor Keyes; Bronte Stovold; Imogen Temple; Emma Vetisch

Ms Sarah James—Classroom Teacher

SPORT

Sports Stars

Rugby League

Clint Maguire of Year 12 is a very talented athlete who broke a long standing shotput record at the school athletics carnival earlier this year, but rugby league is his passion and where he has excelled.

Clint represented Sydney Red Divisional team at the CHS NSW trials on the wing, gaining selection from the Sydney North team at the Metropolitan Championships. He did well considering he had a disrupted preparation and was hampered by an ankle injury he sustained earlier in the year playing for the Sea Eagles SG Ball under 18 team.

In one of the early rounds he scored a hat-trick of tries and was in blistering form before injury struck. He returned to play in the finals series and was in such great form that he was being considered for selection in the Manly Under 20's National Youth Championship team. Unfortunately salary cap issues disallowed him from debuting for the under 20's. Clint will be in this side next year hoping to emulate the feats of Jake and Tom Trbojevic, ex-PHS students showing they belong in the NRL this year.

Athletics

Brienna Mathieson of Year 8 broke the following school record at the Warringah Zone Athletics carnival, this event was not run at the school carnival.

14 years Girls Triple Jump 10.29m Previous Record: 10.09m (K. Albers, 1990)

We wish Brienna Mathieson (14 years long jump and triple jump), Grace Hanks (15 years high jump) and Jordyn Hess (16 years 1500m) the best of luck at the NSW CHS Athletics Championships later this week at Homebush. Brienna and Grace are regional champions in the long jump and high jump respectively (see full regional results).

Grade Superzone Finals

Three PHS teams were the Warringah Zone Champions and qualified for the Superzone finals recently. They were the girls junior soccer team , open girls touch and the senior boys touch. The winner of this final becomes the grade champions of the Northern Beaches.

Both girls teams went down to older and more experienced opposition with the previously undefeated junior girls soccer team losing to The Forest High and the open girls touch team defeated by Mackellar Girls High.

However the senior boys' touch team reversed last years final result in comprehensively downing the defending champions, The Forest High, in a dominant display, winning 9-1. This is arguably the best senior boys grade touch team as they are strong right across the park. They combined brilliantly in both attack and defence to lead 6-nil at halftime, displaying a very high standard of touch. They were well led by captain and Most Valuable Player Sam Groom, with Harry Binding and Luke Trbojevic also outstanding. Well done boys, champions of the peninsula!

Senior Boys Grade Touch Superzone Champions 2015 - Undefeated

Volleyball Squad

The Pittwater High School Volleyball squad has had a fabulous 2015 season so far. The senior girls team has played four competitions so far this year including the state knockout where they made the regional final, State Schools Cup #1 in Minto where they came 4th, State Schools Cup #2 in Newcastle where they won gold and State Schools Cup #4 at Sydney Olympic Park. The junior girls has played in 3 competitions this year State Schools Cup #1 where they came 2nd, State Schools Cup #2 where they also won gold and State Schools Cup #4. The Open Boys team made their debut in State Schools Cup #4 where they were extremely competitive despite being a new team.

State Schools Cup #4 saw many new players making their debut. We were lucky enough to have 8 new players ranging from year 9-12 playing in the open boys side. Jay, Calum, Josh, Rahil, Xavier, Ricky, Zac and Riley played incredibly well as a team, taking teams with many years more experience to within 2 or 3 points they also won a few sets throughout the day. Unfortunately for the team Jay, Calum, Josh and Rahil will graduate this year and while we would like to continue with the boys team we know these are very big shoes to fill and we wish them all the best.

In the junior girls team Lexi, Amy, Paige, Emily and Georgia also played their first competition. It was a far cry from the concrete court we train on. Each of the girls improved significantly throughout the day thanks to the guidance of more experienced players Jess D and Aleesa. For the new players this was their first real game of volleyball and they didn't disappoint. Girls we look forward to watching you continue to grow as players throughout the coming seasons.

Schools Cup #4 was also the final competition for the Open's Girls team. It has been an absolute privilege to coach these girls over the past two years. I have not only watched them develop into very skilled volleyball players but also into mature and dedicated young women. They have mentored junior players on and off the court, played a big part in the organisation of competitions and fundraised for new equipment and uniforms. Girls you have paved the way for the volleyball squad. Your passion and drive has been passed on to many of the new players. Kate, Ella, Hayley, Meagan, Josy and Chloe your absence will be felt among the entire squad.

Also a huge thankyou to Jess G, Steph and Perri who stepped out of the under 15s division and in to Opens girls to support the senior girls in their last competition you played incredibly well and clearly earned your spots. Many coaches from other teams were floored by how talented you were for your age group.

Ms Brooke Mitchell—Coach

YEAR 12 AGRICULTURE

Year 12 Agriculture students have been doing a great job in the last couple of weeks! They have identified syllabus areas in which they felt they needed some more information, researched them and have been presenting it to each other. This collaborative work has been hugely productive and to see the students working as a team to support and encourage each other during this time is fantastic.

As their teacher I couldn't be prouder of them, the progress they've made, the maturity they're showing and their dedication. Assistance for Agriculture will be available in the school library on Monday, Tuesday and Thursday during the second week of holidays (henceforth known as the study period) as well as one day during the first week in one of the classrooms (details to be confirmed).

Ms Lara Griffin—Classroom Teacher

CAREERS NEWS

Parents/Carers: Please don't hesitate to contact me via phone or email if you have any questions.

Year 12:

For those undertaking an ATAR pathway and wishing to go to university next year, they should have received their **UAC pin**, (Universities Admission Centre pin) by now in the mail. They will need to log in and select their 9 university courses for 2016. **Selection deadline is the end of September.** This year's **UAC books** have arrived-please collect and sign for your copy from the Careers Office!

University Early Offer programs:

Schools Recommendation Scheme, (SRS) close end of September, apply online through UAC once you have submitted your UAC application.

EAS, (Educational Access Scheme) applications for those who have suffered "**long-term educational disadvantage**" (to gain extra ATAR points) are available now from the Careers Office in the Library.

University Open Days:

DATE	UNI OPEN DAY
5 September	ACU, (North Sydney)
5 September	UNSW
12 September	Macquarie Uni
12 September	ACU, (Strathfield)
7 December	Southern Cross Uni-Coffs Harbour
9 December	Southern Cross Uni-Lismore
11 December	Southern Cross Uni-Gold Coast
	OTHER
22 July	NIDA

Marine Attendant Course Flyer over page.

Year 10:

Careers Lessons this term, once a fortnight. We will be:

- evaluating "workplace scenarios"
- investigating and practicing "interview skills"

Also, students should be looking for a suitable **work experience** employer! Remember the required documentation should be returned 2 weeks before the placement. Remember you can go out any time from now til halfway through term 4, (2 weeks before final year exams period).

Photos of your placement would be great for the newsletter.

JOBS/Other news: Students need to check their **department emails** regularly for advertised jobs!

Also, checkout www.seek.com.au for more jobs or **The Manly Daily** for local jobs!

LOOKING FOR GREAT SCHOOL HOLIDAY WORK?

Part-time or full-time opportunities for 15 - 18 Year Olds

Marina Attendants

- ★ Work full-time or part-time (weekends/school holidays)
- ★ Inspect the marina ★ Tie up & let go of boats ★ Give berthing & dock support
- ★ Handle & move boats ★ Pump & give fuel service ★ Report to their Manager
- ★ Look after the environment ★ Give great customer service
- ★ Keep everyone and yourself safe ★ Know what to do in an emergency

The MIA Marina Attendants Course offers 15 – 18 Year Olds:

- ⊕ The best starting point for your dream job and career pathway in the Marina Industry
- ⊕ A Certificate recognised all over Australia
- ⊕ Classroom work & tips you'll need to do a great job
- ⊕ Marina tour and lots of activities to get stuck into
- ⊕ Lots of contacts in the industry for the future full-time or part-time work

DETAILS

What: Marina Attendants Course
When: Saturday, 12 September 2015
Time: 9am to 4pm
Where: Royal Prince Alfred Yacht Club
16 Mitala St, Newport NSW 2106
Cost: \$195.00. Includes drinks, lunch, books, lessons and use of equipment
Bring: Sun hat, sun block, sun glasses, covered shoes (no thongs). Jacket in case of rain.

You must register and pay for this course before attending. Please complete the attached booking form. Under 18 year olds need parent's permission.
For more information about the course contact
Ian Winestock, MIA Industry Education Officer on
02 8197 4753 or email education@marinas.net.au
Registration and Payment must be completed by Tuesday 8 September 2015

Participation is not dependent upon having a boat licence.

MIA – Developing the marina industries through education, accreditation and research

TIRED OF PLAYING WITH BALLS?

PLAY ULTIMATE FRISBEE

If your winter sport is finishing up for the season and you are looking for a great way to keep fit until next year, why not give Ultimate Frisbee a try?

Ultimate Frisbee is a non-contact, self-refereed team sport played with a frisbee. It combines elements of netball, touch football, and american football into a fast paced, athletic sport. Competition is mixed, where men and women play together. It is a great game to maintain fitness and at the same time provides an excellent opportunity to socialise and have fun.

Manly Ultimate Frisbee League is running FREE Learn To Play sessions

Learn To Play is the ideal place for you to start. Come down and learn the basics of Ultimate from our experienced team and have a go at playing before the league starts.

Learn To Play 1 - Wednesday 16th Sept, 7pm
Learn To Play 2 - Wednesday 23rd Sept, 7pm
Learn To Play 3 - Wednesday 30th Sept, 7pm
at Grahams Reserve (behind Manly Pool)

Opening night with showcase game:
Wednesday 7th Oct, 7pm at Grahams Reserve.

Once you've given it a try, you can enter your own team in or sign up as an individual and we'll place you on a team for the **Summer League**. Only \$80 for a minimum 14 week season!

Find us on facebook.com/manlyultimateclub
