Dear Students and Parents/caregivers of Year 11 2022,

Welcome back to the start of Year 11 and your senior years. It is an exciting time ahead as we continue to "Raise the Bar" and you enter your senior years at Pittwater High. We know you will continue to build on positive relationships with your peers and teachers. Our aim is to support you grow and reach your potential. One of the ways we can assist is to ensure you have a clear understanding of our expectations.

1. Changes in Patterns of Study

By now you should have decided on your full pattern of study. If you are unsure, please discuss the situation with the respective teachers, your Year Adviser Ms Greene or your Deputy Principal Ms Purvis.

2. Study periods and Senior Learning Centre

Study periods' are clearly indicated on your timetable. These are not 'free periods'. During study periods, students need to sign in (and out) of the library to indicate whether they are working in the Senior Learning Centre, the outside study area or working with a teacher (e.g. on a major work). **Students are not to leave the school grounds.**

In the Senior Learning Centre, a teacher is on hand to assist students with any general queries. More specifically students can seek support in note making, summarising, essay writing, time management, unpacking major assignments and more. In this time there will also be occasional study skill sessions scheduled.

3. Late Arrival/Early Departure

As a privilege to senior students only, those students who have study periods during Period 1 have permission to arrive at school for the start of Period 2. However, they must be **at school in order to attend assembly and/or year meetings**. Any individual variations to this must be applied for in writing to the deputy principal.

Students are only permitted to leave at lunch if there are no scheduled Period 5 classes. They are to go directly home or to Mona Vale library, not to the shops. If they are off class before lunch they are to work at school in this study period and not leave until the bell. **Students are not to leave the school grounds in lunch breaks.**

4. School Uniform

Seniors are expected to wear the correct school uniform at all times **including black leather lace up school shoes**. Please do not use excuses such as "it is not worth getting correct school pants as it is the last winter" for noncompliance. Our strong community reputation is advantageous to us all and is founded on respect and responsibility as evident in wearing the correct uniform. Seniors that are in incorrect uniform may be sent home. Please see the website for any clarification.

5. Getting the most out of your learning by:

- attending school and all timetabled lessons every day
- being punctual to class
- demonstrating hard work and effort in all learning activities
- completing assessment tasks, assignments and homework punctually
- behaving appropriately at all times: in class, in the school grounds, on excursions
- becoming actively involved in the wider activities of school life.

6. Consequences for students over 17 years of age for unsatisfactory participation in learning

Students who do not apply themselves with diligence and sustained effort as demonstrated by attendance, all work and assessments completed on time and cooperative behaviour are at risk of being expelled from school. This is to ensure that there is not a negative impact on the school and the learning of other students.

7. Access to the senior outdoor kitchen

All students in Year 11 will be able to have access to the senior outdoor area (in between A and B Block) and the senior kitchen. A reminder that this is a shared space and the students need to make sure they clean up after themselves and respect each other's space. Some students choose to work in this area.

Good luck Year 11. Make the most of all the opportunities that come your way.

Regards

Rachel Fleming

PATTERN OF STUDY

To qualify for the Higher School Certificate (HSC), over year 11 and 12, students must complete 12 units in the Year 11 course and 10 units in the Year 12 course.

Both patterns of study must include at least:

- 6 units from Board Developed Courses
- 2 Units of a Board developed course in English
- 3 courses of 2 or more units (either Board Developed or Board endorsed courses)
- 4 subjects

To satisfy the pattern of study requirement for the HSC, a student can count a maximum of 6 units of Science courses in Year 11 and 7 units of Science in Year 12.

ASSESSMENT FOR THE YEAR 11 COURSE 2022

The purpose of school assessment is to:

- Assist student learning
- Evaluate and improve teaching and learning programs
- Provide information on student learning
- Provide evidence of satisfactory completion of courses
- Provide multiple opportunities for students to demonstrate their achievements

An overall assessment mark is awarded for each course studied. This mark is indicative of the student's achievement of course outcomes or competencies across a range of tasks including class tasks, formal and informal assessments, presentations, and practical works.

The award of the Year 11 Course is dependent upon the satisfactory progress and completion of course work and assessment tasks. Students need to be aware that all formal assessment tasks throughout the course contribute to their final mark. Informal assessments, coursework and class tasks are essential to the development of knowledge and skills in formative assessments for the HSC.

SATISFACTORY COMPLETION OF COURSES

Course completion criteria for the Year 11 and Year 12 courses:

A student will be considered to have satisfactorily completed a course if, in the Principal's view, there is sufficient evidence that the student has:

- a) **Followed the course** developed or endorsed by NESA; and
- b) **Applied themselves** with diligence and sustained effort to the set tasks and experiences provided in the course by the school; and
- c) **Achieved** some or all of the course outcomes

Should a student not satisfy the above criteria, they will be at risk of being awarded a non-determination (non-completion of course requirements). The Principal or delegate will warn the student as soon as possible and advise the parent or guardian (if the student is less than 18 years of age) in writing.

[Refer to Non-Determination for more information.](#)

REQUIREMENTS OF STUDENTS

It is expected that:

- Student attendance, conduct and progress will be satisfactory. To successfully complete the Year 11 and Year 12 courses, attendance should not fall below 85% for each subject.
- Students who are absent from school for any reason are to catch up on any missed work in a timely manner.
- Students will complete their class work, homework, assigned work and set tasks to each faculties requirements.
- Students will make serious attempts in all tasks and participate in all learning experiences.
- Students will apply themselves with diligence and sustained effort throughout the course.
- Students will have achieved some or all of the course outcomes.

SCHOOL RESPONSIBILITIES

NESA outlines the requirements of schools in establishing Year 11 and Year 12 courses and programs within the guidelines of the syllabus. We are expected to:

- Create and implement quality teaching and learning programs that allow students to demonstrate the development of their knowledge, skills and understanding
- Develop quality assessment tasks and marking guidelines
- Provide timely and effective feedback to guide students towards the improvement of their understanding, knowledge and skills
- Encourage students to take responsibility of their learning
- Evaluate and modify teaching and learning programs
- Report student achievement to parents, teacher's employers and so on to meet student needs.

INTERNAL ASSESSMENT

The school is required to submit to NESA, an internal assessment mark for all courses. These marks are intended to indicate student achievement at the end of the Year 11 and Year 12 course, based on:

- A wide range of syllabus outcomes that can be measured by the external examination, although internal assessment must cover all the objectives measured by the examination;
- Multiple measures and observations made throughout the Year 11 and Year 12 courses

Each student must attempt tasks worth in excess of 50% of the course. If students fail to do this, the principal will certify that the course outcomes have not been studied satisfactorily and will indicate the outcomes still to be completed. Students and parents will be informed in advance if a student is at risk N award warning.

Assessment schedules in this book outline the tasks, weightings and outcomes that will be assessed throughout the year. Students will be issued with an assessment notification three weeks prior to the assessment due date. The notification will detail the task and provide further requirements and guidance on how to complete the task.

It is the responsibility of the student to collect assessment notifications from their teacher if they were absent on the day they were issued.

COMPLETION AND SUBMISSION OF ASSESSMENT TASK

Students are expected to complete all tasks by the due date and sign an assessment register upon submission.

Assessment tasks must be submitted no later than 9:00am on the day they are due.

- Students can hand in tasks before the due date

If an assessment task is handed in late or a student fails to attend an in class task, the task will incur a zero result

- If students have an explanation for their lateness, they may complete an illness misadventure form with accompanying documentation
- The misadventure form along with attached documentation needs to be submitted to the Head Teacher of the subject as soon as possible.

Failure of computers, printers or software will not be accepted as a reason for the lateness of a task as students are expected to use good management practices such as backing up their work on the cloud, google classroom or USB.

- Students have access to computers and printers at school. Work already undertaken for the task and a USB containing the task may be submitted to the teacher or HT for consideration in this case.
- The Principal, Deputy Principal and in some cases the Assessment Review Panel (ARP) will decide on the legitimacy of a late assessment task. Unsuccessful late submissions will result in a zero mark.

ILLNESS, MISADVENTURE AND LATE SUBMISSIONS

If you have a valid reason for missing an in-school assessment task or late submission of a task, you need to complete an **Illness, Misadventure & Late Submission** form.

- The form is available at the back of this book or front office

When completing the form, attach as much supporting information as possible. For example, a Doctors certificate, funeral notice etc.

- Return the form and supporting documentation to your Head Teacher

The Head Teacher will make a recommendation to the ARP and forward the application to the Panel Convener, Rachel Fleming.

MEDICAL CERTIFICATES

When requesting a medical certificate from your doctor, ensure they address the following:

1. Time and date of illness
2. Nature of illness
3. Explanation of how the illness would affect the student's performance on an assessment task or examination.

Medical certificates that are backdated will not be accepted.

THE ASSESSMENT REVIEW PANEL

The Assessment Review Panel (ARP) is a team of the Principal and various Head Teachers. The ARP forms to monitor and review assessment procedures for the Year 11 and Year 12 assessment program. The ARP meets to consider student appeals on the grounds of illness, or misadventure. The Principal is the final arbiter in all appeals.

ATTENDANCE

Students will receive a zero mark if they are absent from an assessment task, unless they have a valid reason and have completed an illness, misadventure & late submission form with accompanying documentation.

Whole day or partial truancy on the due date of an assessment task will automatically score a zero mark.

Students are to attend all timetabled classes on the day an assessment task is due

If a student knows in advance of their absence on an assessment task due date, it is expected that they submit the task ahead of time.

The Principal has discretion in granting leave for legitimate reasons. Students needing to take leave from school must apply in writing to the principal.

Vacations taken outside the normal school holidays will generally not be accepted as a valid reason for absence from an assessment task.

- **Parents** are advised to **apply to the Principal for leave BEFORE** they book family holidays
- **Leave that has not been approved will automatically result in a zero mark for any missed assessment tasks.**

Students can monitor their attendance regularly by signing onto the PHS Parent and Student Portal.

MALPRACTICE AND PLAGIARISM

Dishonesty and unfair advantage during an assessment task will be directed to the subject's Head Teacher, who will report the matter to the ARP. The ARP may elect to give a zero mark for the task. No student should gain an unfair advantage by having all or part of the task produced by another person.

Teachers and Head Teachers must be satisfied that the work is the student's own. Plagiarism and Malpractice includes, but is not limited to:

- Copying someone else's work in part or in whole and presenting them as your own
- Using material directly from published or unpublished text types, CD's or the internet without reference to the source.
- Buying, stealing or borrowing another person's work and presenting it as your own
- Submitting work to which another person such as a parent, coach or subject expert has prepared
- Using words, ideas, designs or the workmanship of others in practical and performance tasks without appropriate acknowledgement
- Paying someone to write or prepare material
- Breaching school examination rules
- Using non approved aides during an assessment tasks
- Making false claims to explain work not handed in by the due date
- Assisting another student to engage in malpractice

Misbehavior during an examination or assessment task will be reported to a Deputy Principal and the ARP. Students may be awarded a mark of zero for misbehavior during and assessment task or examination.

N DETERMINATION

Students studying a Year 11 or Year 12 course must make a genuine attempt at assessment tasks.

In the Year 11, assessment tasks contribute to 50% of the available marks. It is emphasised that completion of tasks worth exactly 50% is not sufficient; tasks worth in excess of 50% must be attempted. If this is not the case, the Principal must indicate that the course has not been satisfactorily completed.

In cases of non-satisfactory completion, an N Determination will be submitted by the Principal to NESA. Courses which are not satisfactorily completed will not be printed on Records of Achievement or Results notices.

A student, who has received an N Determination, has the right to appeal.

APPEAL PROCEDURES FOR N DETERMINATIONS

1. The Principal's report will be completed with the student appeal form attached.
 - This will be sent to the student's home address or given directly to the student.
 - The Principal will advise the student in writing for the problem to be corrected
 - The right for the student to appeal the N Determination will be communicated by the Principal, to parents or careers in this documentation.
 - The Principal will retain copies of all N Warnings and other relevant documentation
2. NESA will review the appeal based on the information submitted with the Principal's reports and student appeal form
3. Successful student appeals will result in the removal of an N Determination
4. Unsuccessful appeals will result on a student being N Determined for the course in question.

CREDENTIALS

NESA determines the structure and areas of study for both Year 11 and Year 12 courses. It has the authority to award students the Year 11 and Year 12 credentials. Students must comply with the entry requirements, course guidelines and the rules and regulations prescribed by NESA. The assessment guidelines and schedules in this book comply with NESA requirements. The Year 12 Testamur is awarded to students who have fulfilled all eligibility requirements.

The HSC Record of Achievement is awarded to students who have satisfactorily completed the HSC Course. In addition to the course name(s) and unit value, the Record of school Achievement (ROSA) will also show as appropriate, an examination mark and performance band for each Board Developed HSC Course.

A certificate of competence is awarded to students who successfully complete all requirements of a two year, two-unit course in a Vocational Education and Training (VET) Course. The certificate lists all modules completed and is issued by NESA on behalf of the VET accreditation board.

SPECIAL PROVISIONS

If a student requires special provisions for an assessment task, (e.g. reader, writer, extra time etc.), it is their responsibility to apply to the school counsellor or Learning and Support teacher to establish eligibility.

The student must apply well in advance to allow sufficient time for the special provisions that are required to be put in place.

Except for circumstances of illness or misadventure, the only students that will be granted special provisions are those that have applied for and been granted special provisions by NESA.

VET ASSESSMENT POLICY

Vocational Education Training (VET) Courses are dual accredited courses. Students have the opportunity to be awarded with:

- Units towards Year 11 and HSC qualification
- Competencies which can lead to a Statement of Attainment, Certificate I, II or III which will be awarded under the Australian Qualifications Framework (AQF).

1. AQF Assessment

All Industry Curriculum Framework Courses are assessed under national competency standards that have been determined by industry.

Competency based assessment means that students need to demonstrate that they have gained and can apply specific knowledge and skills of each unit of competency.

Competency assessment is graded as "not yet competent" or "competent". In some cases other descriptive words may be used leading up to "competent". There is no mark awarded in competency-based assessment.

Demonstrating competence means that you can perform the task or show an understanding to the level required by the industry standard. The units of competency achieved will be recorded on a vocational qualification.

Students will be involved in a variety of assessment tasks ranging from practical tasks to written tasks. If students are deemed not competent at that time, they will be given at least one further opportunity at an agreed time to be re assessed. There are a number of competencies that may only be offered once during the course due to their:

- WHS requirement
- Cost
- Time frame
- Supervision required
- Resource availability

Specific information about these competencies will be issued to students at the beginning of the course.

2. Higher School Certificate(HSC)

Students will be awarded units towards their Year 11 and HSC by studying a VET Course.

Curriculum Framework Courses will allow students to include a mark from the optional written HSC examination which can be used in the calculation of the Australian Tertiary Admission Index (ATAR).

For students who have undertaken the HSC examination, a scaled examination mark will be recorded on the HSC Certificate. No school-based assessment mark will be recorded.

An estimated examination mark for students entered for the HSC written examination must be submitted this mark will be used only in the case of an illness/disadvantage appeal. A Trial HSC examination mark would be a suitable mark.

As with all Year 12 courses, NESA procedures apply to all VET Courses. VET courses will be listed on the HSC Certificate Record of School Achievement.

3. Work Placement

Work Placement is a mandatory HSC requirement of Curriculum Framework VET courses.

Appropriate hours are as follows:

- 120 hour course - a minimum of 35 hours in a workplace
- 240 hour course - a minimum of 70 hours in a workplace
- Some courses allow 35 hours of simulated Work Placement

Failure to comply with HSC mandatory workplace hours will mean that students have not fulfilled

NESA course requirements. An N Award may be issued if mandatory hours are not met. Learning in the workplace will enable students:

- Progress towards the achievement of industry competencies.
- Develop appropriate attitude towards work
- Learn a range of behaviors appropriate to the industry
- Practice skills acquired off the job in a classroom or workshop
- Develop additional skills and knowledge, including key competencies.

4. Assessment Schedule

Information regarding mandatory assessment tasks will be set out in an assessment schedule. These tasks will be used as evidence of competency. (Refer to School Assessment Booklet).

5. Appeals Procedure

Normal school assessment appeals procedures will apply for VET courses. Refer to School Assessment Booklet.

Vocational Education and Training (VET) Courses

Public Schools NSW, Macquarie Park RTO 90222 is accredited as a Registered Training Organisation (RTO) to deliver and assess VET qualifications to secondary students.

By enrolling in a VET qualification in NSW Public Schools Macquarie Park RTO 90222, you are choosing to participate in a program of study that will give you the best possible direction towards a nationally recognised qualification. To receive the AQF VET qualification Certificate I, II or III, students must meet the assessment requirements of the Industry Training Package (<http://training.gov.au>).

Students will also be expected to complete all requirements relevant to the HSC and adhere to the requirements of NESA. When a student achieves a unit of competency it is signed off by a qualified assessor. To achieve the qualification students must be deemed competent in all units of competency.

Vocational Education and Training (VET) courses are offered as part of the Higher School Certificate (HSC) or Record of School Achievement (RoSA). VET courses are designed to deliver workplace-specific skills and knowledge and cover a wide range of careers and industries. VET courses for secondary students are developed by the NSW Educational Standards Authority (NESA) and are based on National Training packages.

VET courses allow students to gain both HSC or RoSA qualifications and a national qualification or a statement of attainment recognised throughout Australia as part of the Australian Qualification Framework (AQF). These qualifications are widely recognised by industry, employers and tertiary training providers and will assist students to move to various education and training sectors and employment.

There are two types of Stage 6 VET courses available to students:

1. Board Developed VET courses count towards the HSC or RoSA and are classified as Category B subjects. These courses have an optional HSC examination. Students wishing to include a VET course in the ATAR calculation must sit the HSC examination after they have completed a minimum of 4 x Preliminary and/or HSC units. ONLY ONE Board Developed VET course may contribute to the calculation of the Australian Tertiary Admission Rank (ATAR).

Board Developed VET courses have specified workplace requirement and include a minimum of 70 hours of **mandatory** industry specific **work placement** that may include up to 50% simulated workplace hours at school as specified by NESA.

2. Board Endorsed VET Courses count towards the HSC or RoSA but do not have an HSC examination and therefore do not count in the calculations of the ATAR. Many Board Endorsed VET Courses have mandatory industry specific work placement as specified by NESA.

Assessment in all VET courses is competency based. The student is assessed on what they can do (the skills) and what they know (the knowledge) that will equip them in the workplace. Students who have successfully achieved competency will have the skills and knowledge to complete workplace activities in a range of different situations and environments, to an industry standard of performance expected in the workplace.

Competency-based assessment materials are designed to ensure each learner has achieved all the outcomes (skills and knowledge) to the level of the qualification. Competency-based training is based on performance standards that have been set by industry.

Students will receive documentation showing any competencies achieved for the VET course undertaken (Transcript).

Due to the specific requirements of a VET course it is recommended students speak to the VET Coordinator, VET Teacher or Careers Adviser before choosing the course to ensure they are fully aware of the requirements and that the course is suitable for their individual needs, knowledge and skills.
